Subject: Notice of Violation - 4904 Griggs (CES Facility)

Mr. Askanase,

Attached is a Notice of Violation (NOV) for the former CES Environmental facility prompted from the inspection you authorized officer's to conduct on Thursday, March 20th, 2014. The City of Houston has and is receiving a large number of nuisance air pollution complaint from the facility. The active spills and releases, open tank and container lids and standing waste inside retention walls are the cumulative cause. Mr. Edmondson was with us during the inspection as was the Houston Fire Department's, Captain over the Hazardous Materials Response Team, and he is aware of all the issues.

Public health and safety are our number one concern and these releases violate Texas State Law. Please review the NOV and contact me should you have any questions.

I also request you acknowledge by email your receipt of this NOV in lieu of us having to send a copy registered mail.

Thank you for your time and efforts in this matter.
